

**BELLEVUE INDOOR RANGE, INC.  
WADE'S EASTSIDE GUNS  
CUSTOMER SAFETY & RENTAL AGREEMENT**

To ensure that our customers are aware of basic firearm safety as well as the rules and conditions for using this facility we ask that you **PLEASE READ, INITIAL AND SIGN THIS FORM ON BOTH SIDES.** Once you have done this you will not have to repeat this requirement for one (1) year.

**We assume all guns are always loaded. Handle them with this in mind.**

**Bellevue Indoor Range Safety Rules:**

**Initial**

1. You must be completely in a shooting booth before uncasing or un-holstering a gun and the gun must be unloaded and put back in a case or holster before coming out of the booth. \_\_\_\_\_
2. Do not step out of the firing booth for any reason with a gun in your hand; loaded or unloaded. \_\_\_\_\_
3. Keep your finger off the trigger until your sights are on the target. Keep your finger off the trigger while loading, unloading or looking at the target to see if you've hit it. \_\_\_\_\_
4. Put the gun on the bench to look or speak to someone behind you. If you are holding a gun you need to pay attention to the gun. If your head turns, your body and the gun will follow. Keep the muzzle pointed down range at all times and do not put any part of your body forward of the firing line for any reason. \_\_\_\_\_
5. Shoot only at the target in your lane. Intentional shooting of anything other than your target will result in you being asked to leave the range immediately. \_\_\_\_\_
6. Any shooter under 15 years old must have an adult in the booth behind the shooter at all times. \_\_\_\_\_
7. No practice drawing from the holster. \_\_\_\_\_
8. Ammunition fired on the range should be brass cased and jacketed or partially jacketed. Steel or aluminum cased ammunition, i.e., Wolf or CCI Blazer, as well as lead wad cutters or semi-wad cutters are specifically prohibited. There are a few *rare* exceptions but you must ask the Range Master for clarification. ALL AMMUNITION SALES ARE FINAL. NO RETURNS. NO EXCEPTIONS. \_\_\_\_\_
9. No pregnant women allowed to use the range due to the high risk to the unborn child from concussion and lead emissions. \_\_\_\_\_
10. You are welcome to keep brass that went through your gun and you may pick it up as long as it is not forward of the firing line. Do not reach forward of the firing line ever. We will not call a cease fire to retrieve brass beyond that distance. Leave all other brass on the range. \_\_\_\_\_
11. Shoot only as fast as you can hit the target every time. NO MISSES. There is a \$10.00 charge for each PVC target hanger you hit. \_\_\_\_\_
12. Security Guard training and/or qualification is not permitted on this range without a contract. \_\_\_\_\_

**Universal Firearms Safety Rules:**

1. All firearms are always assumed to be loaded. \_\_\_\_\_
2. Never point the muzzle of a firearm at anything you are not willing to destroy. \_\_\_\_\_
3. Keep your finger off the trigger until your sights are on the target. \_\_\_\_\_
4. Always be sure of your target and what is behind and beyond it. \_\_\_\_\_
